## A BILL FOR

1 An Act relating to health care reform including health care  
2 coverage intended for children and adults, health information  
3 technology, end-of-life care decision making, preexisting  
4 conditions and dependent children coverage, medical homes,  
5 prevention and chronic care management, a buy-in provision for  
6 certain individuals under the medical assistance program,  
7 disease prevention and wellness initiatives, and including an  
8 applicability provision.  
9 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:  
10 TLSB 6541HV 82  
11 av:pf/rj/14

PAG LIN

1 1 DIVISION I  
1 2 HEALTH CARE COVERAGE INTENT  
1 3 Section 1. DECLARATION OF INTENT.  
1 4 1. It is the intent of the general assembly, as funding  
1 5 becomes available, to progress toward achievement of the goal  
1 6 that all Iowans have health care coverage which meets certain  
1 7 standards of quality and affordability with the initial  
1 8 priority being that all children have such health care  
1 9 coverage by December 31, 2010.  
1 10 2. It is the intent of the general assembly that if  
1 11 sufficient funding is available, and if federal  
1 12 reauthorization of the state children's health insurance  
1 13 program provides sufficient federal allocations to the state  
1 14 and authorization to cover such children as an option under  
1 15 the state children's health insurance program, the department  
1 16 of human services shall expand coverage under the state  
1 17 children's health insurance program to cover children with  
1 18 family incomes up to three hundred percent of the federal  
1 19 poverty level, with appropriate cost sharing established for  
1 20 families with incomes above two hundred percent of the federal  
1 21 poverty level.  
1 22 3. It is the intent of the general assembly that the  
1 23 department of human services, in consultation with state and  
1 24 national experts, develop an operational plan to provide  
1 25 health care coverage for all children in the state by building  
1 26 upon the current state children's health insurance program.  
1 27 The operational plan shall be completed by January 1, 2010.  
1 28 4. It is the intent of the general assembly that the  
1 29 department of human services, in consultation with state and  
1 30 national experts, develop an operational plan to provide  
1 31 health care coverage to all adults. The operational plan  
1 32 shall be completed by January 1, 2013.  
1 33 5. It is the intent of the general assembly to promote  
1 34 continued dialogue between the Iowa comprehensive health  
1 35 insurance association and other interested parties to address  
2 1 the issues of preexisting conditions and the affordability of  
2 2 health care coverage.

2 3 DIVISION II  
2 4 IOWA HEALTH INFORMATION TECHNOLOGY SYSTEM  
2 5 DIVISION XXI  
2 6 IOWA HEALTH INFORMATION TECHNOLOGY SYSTEM  
2 7 Sec. 2. NEW SECTION. 135.154 DEFINITIONS.  
2 8 As used in this division, unless the context otherwise  
2 9 requires:  
2 10 1. "Board" means the state board of health created  
2 11 pursuant to section 136.1.

2 12 2. "Department" means the department of public health.

2 13 3. "Health care professional" means a person who is  
2 14 licensed, certified, or otherwise authorized or permitted by  
2 15 the law of this state to administer health care in the  
2 16 ordinary course of business or in the practice of a  
2 17 profession.

2 18 4. "Health information technology" means the application  
2 19 of information processing, involving both computer hardware  
2 20 and software, that deals with the storage, retrieval, sharing,  
2 21 and use of health care information, data, and knowledge for  
2 22 communication, decision making, quality, safety, and  
2 23 efficiency of clinical practice, and may include but is not  
2 24 limited to:

2 25 a. An electronic health record that electronically  
2 26 compiles and maintains health information that may be derived  
2 27 from multiple sources about the health status of an individual  
2 28 and may include a core subset of each care delivery  
2 29 organization's electronic medical record such as a continuity  
2 30 of care record or a continuity of care document, computerized  
2 31 physician order entry, electronic prescribing, or clinical  
2 32 decision support.

2 33 b. A personal health record through which an individual  
2 34 and any other person authorized by the individual can maintain  
2 35 and manage the individual's health information.

3 1 c. An electronic medical record that is used by health  
3 2 care professionals to electronically document, monitor, and  
3 3 manage health care delivery within a care delivery  
3 4 organization, is the legal record of the patient's encounter  
3 5 with the care delivery organization, and is owned by the care  
3 6 delivery organization.

3 7 d. A computerized provider order entry function that  
3 8 permits the electronic ordering of diagnostic and treatment  
3 9 services, including prescription drugs.

3 10 e. A decision support function to assist physicians and  
3 11 other health care providers in making clinical decisions by  
3 12 providing electronic alerts and reminders to improve  
3 13 compliance with best practices, promote regular screenings and  
3 14 other preventive practices, and facilitate diagnoses and  
3 15 treatments.

3 16 f. Tools to allow for the collection, analysis, and  
3 17 reporting of information or data on adverse events, the  
3 18 quality and efficiency of care, patient satisfaction, and  
3 19 other health care-related performance measures.

3 20 5. "Interoperability" means the ability of two or more  
3 21 systems or components to exchange information or data in an  
3 22 accurate, effective, secure, and consistent manner and to use  
3 23 the information or data that has been exchanged and includes  
3 24 but is not limited to:

3 25 a. The capacity to connect to a network for the purpose of  
3 26 exchanging information or data with other users.

3 27 b. The ability of a connected, authenticated user to  
3 28 demonstrate appropriate permissions to participate in the  
3 29 instant transaction over the network.

3 30 c. The capacity of a connected, authenticated user to  
3 31 access, transmit, receive, and exchange usable information  
3 32 with other users.

3 33 6. "Recognized interoperability standard" means  
3 34 interoperability standards recognized by the office of the  
3 35 national coordinator for health information technology of the  
4 1 United States department of health and human services.

4 2 Sec. 3. NEW SECTION. 135.155 IOWA ELECTRONIC HEALTH ==  
4 3 PRINCIPLES == GOALS.

4 4 1. Health information technology is rapidly evolving so  
4 5 that it can contribute to the goals of improving access to and  
4 6 quality of health care, enhancing efficiency, and reducing  
4 7 costs.

4 8 2. To be effective, the health information technology  
4 9 system shall comply with all of the following principles:

4 10 a. Be patient-centered and market-driven.

4 11 b. Be based on approved standards developed with input  
4 12 from all stakeholders.

4 13 c. Protect the privacy of consumers and the security and  
4 14 confidentiality of all health information.

4 15 d. Promote interoperability.

4 16 e. Ensure the accuracy, completeness, and uniformity of  
4 17 data.

4 18 3. Widespread adoption of health information technology is  
4 19 critical to a successful health information technology system  
4 20 and is best achieved when all of the following occur:

4 21 a. The market provides a variety of certified products  
4 22 from which to choose in order to best fit the needs of the

4 23 user.

4 24 b. The system provides incentives for health care  
4 25 professionals to utilize the health information technology and  
4 26 provides rewards for any improvement in quality and efficiency  
4 27 resulting from such utilization.

4 28 c. The system provides protocols to address critical  
4 29 problems.

4 30 d. The system is financed by all who benefit from the  
4 31 improved quality, efficiency, savings, and other benefits that  
4 32 result from use of health information technology.

4 33 Sec. 4. NEW SECTION. 135.156 ELECTRONIC HEALTH  
4 34 INFORMATION == DEPARTMENT DUTIES == ADVISORY COUNCIL.

4 35 1. a. The department shall direct a public and private  
5 1 collaborative effort to promote the adoption and use of health  
5 2 information technology in this state in order to improve  
5 3 health care quality, increase patient safety, reduce health  
5 4 care costs, enhance public health, and empower individuals and  
5 5 health care professionals with comprehensive, real-time  
5 6 medical information to provide continuity of care and make the  
5 7 best health care decisions. The department shall provide  
5 8 oversight for the development, implementation, and  
5 9 coordination of an interoperable electronic health records  
5 10 system, telehealth expansion efforts, the health information  
5 11 technology infrastructure, and other health information  
5 12 technology initiatives in this state. The department shall be  
5 13 guided by the principles and goals specified in section  
5 14 135.155.

5 15 b. All health information technology efforts shall  
5 16 endeavor to represent the interests and meet the needs of  
5 17 consumers and the health care sector, protect the privacy of  
5 18 individuals and the confidentiality of individuals'  
5 19 information, promote physician best practices, and make  
5 20 information easily accessible to the appropriate parties. The  
5 21 system developed shall be consumer-driven, flexible, and  
5 22 expandable.

5 23 2. The department shall do all of the following:

5 24 a. Establish a technical advisory group which shall  
5 25 consist of the representatives of entities involved in the  
5 26 electronic health records system task force established  
5 27 pursuant to section 217.41A, Code 2007, a licensed practicing  
5 28 physician, a consumer, and any other members the department  
5 29 determines necessary to assist in the department's duties at  
5 30 various stages of development of the electronic health  
5 31 information system. Executive branch agencies shall also be  
5 32 included as necessary to assist in the duties of the  
5 33 department. Public members of the technical advisory group  
5 34 shall receive reimbursement for actual expenses incurred while  
5 35 serving in their official capacity only if they are not  
6 1 eligible for reimbursement by the organization that they  
6 2 represent. Any legislative members shall be paid the per diem  
6 3 and expenses specified in section 2.10.

6 4 b. Adopt a statewide health information technology plan by  
6 5 January 1, 2009. In developing the plan, the department shall  
6 6 seek the input of providers, payers, and consumers. Standards  
6 7 and policies developed for the plan shall promote and be  
6 8 consistent with national standards developed by the office of  
6 9 the national coordinator for health information technology of  
6 10 the United States department of health and human services and  
6 11 shall address or provide for all of the following:

6 12 (1) The effective, efficient, statewide use of electronic  
6 13 health information in patient care, health care policymaking,  
6 14 clinical research, health care financing, and continuous  
6 15 quality improvement. The department shall adopt requirements  
6 16 for interoperable electronic health records in this state  
6 17 including a recognized interoperability standard.

6 18 (2) Education of the public and health care sector about  
6 19 the value of health information technology in improving  
6 20 patient care, and methods to promote increased support and  
6 21 collaboration of state and local public health agencies,  
6 22 health care professionals, and consumers in health information  
6 23 technology initiatives.

6 24 (3) Standards for the exchange of health care information.

6 25 (4) Policies relating to the protection of privacy of  
6 26 patients and the security and confidentiality of patient  
6 27 information.

6 28 (5) Policies relating to information ownership.

6 29 (6) Policies relating to governance of the various facets  
6 30 of the health information technology system.

6 31 (7) A single patient identifier or alternative mechanism  
6 32 to share secure patient information. If no alternative  
6 33 mechanism is acceptable to the department, all health care

6 34 professionals shall utilize the mechanism selected by the  
6 35 department by January 1, 2010.

7 1 (8) A standard continuity of care record and other issues  
7 2 related to the content of electronic transmissions. All  
7 3 health care professionals shall utilize the standard  
7 4 continuity of care record by January 1, 2010.

7 5 (9) Requirements for electronic prescribing.

7 6 (10) Economic incentives and support to facilitate  
7 7 participation in an interoperable system by health care  
7 8 professionals.

7 9 c. Identify existing and potential health information  
7 10 technology efforts in this state, regionally, and nationally,  
7 11 and integrate existing efforts to avoid incompatibility  
7 12 between efforts and avoid duplication.

7 13 d. Coordinate public and private efforts to provide the  
7 14 network backbone infrastructure for the health information  
7 15 technology system. In coordinating these efforts, the  
7 16 department shall do all of the following:

7 17 (1) Adopt policies to effectuate the logical cost  
7 18 effective usage of and access to the state-owned network, and  
7 19 support of telecommunication carrier products, where  
7 20 applicable.

7 21 (2) Consult with the Iowa communications network, private  
7 22 fiberoptic networks, and any other communications entity to  
7 23 seek collaboration, avoid duplication, and leverage  
7 24 opportunities in developing a backbone network.

7 25 (3) Establish protocols to ensure compliance with any  
7 26 applicable federal standards.

7 27 (4) Determine costs for accessing the network at a level  
7 28 that provides sufficient funding for the network.

7 29 e. Promote the use of telemedicine.

7 30 (1) Examine existing barriers to the use of telemedicine  
7 31 and make recommendations for eliminating these barriers.

7 32 (2) Examine the most efficient and effective systems of  
7 33 technology for use and make recommendations based on the  
7 34 findings.

7 35 f. Address the workforce needs generated by increased use  
8 1 of health information technology.

8 2 g. Adopt rules in accordance with chapter 17A to implement  
8 3 all aspects of the statewide plan and the network.

8 4 h. Coordinate, monitor, and evaluate the adoption, use,  
8 5 interoperability, and efficiencies of the various facets of  
8 6 health information technology in this state.

8 7 i. Seek and apply for any federal or private funding to  
8 8 assist in the implementation and support of the health  
8 9 information technology system and make recommendations for  
8 10 funding mechanisms for the ongoing development and maintenance  
8 11 costs of the health information technology system.

8 12 j. Identify state laws and rules that present barriers to  
8 13 the development of the health information technology system  
8 14 and recommend any changes to the governor and the general  
8 15 assembly.

8 16 3. Recommendations and other activities resulting from the  
8 17 duties authorized for the department under this section shall  
8 18 require approval by the board prior to any subsequent action  
8 19 or implementation.

8 20 Sec. 5. Section 136.3, Code 2007, is amended by adding the  
8 21 following new subsection:

8 22 NEW SUBSECTION. 11. Perform those duties authorized  
8 23 pursuant to section 135.156.

8 24 Sec. 6. Section 217.41A, Code 2007, is repealed.

8 25 DIVISION III

8 26 END-OF=LIFE CARE DECISION MAKING

8 27 Sec. 7. NEW SECTION. 231.62 END-OF=LIFE CARE DECISION  
8 28 MAKING.

8 29 1. The department shall consult with the Iowa medical  
8 30 society, the Iowa end-of-life coalition, the Iowa hospice  
8 31 organization, the university of Iowa palliative care program,  
8 32 and other health care professionals whose scope of practice  
8 33 includes end-of-life care to develop educational and  
8 34 patient-centered information on end-of-life care for  
8 35 terminally ill patients and health care professionals.

9 1 2. For the purposes of this section, "end-of-life care"  
9 2 means care provided to meet the physical, psychological,  
9 3 social, spiritual, and practical needs of terminally ill  
9 4 patients and their caregivers.

9 5 DIVISION IV

9 6 HEALTH CARE COVERAGE

9 7 Sec. 8. Section 509.3, Code 2007, is amended by adding the  
9 8 following new subsection:

9 9 NEW SUBSECTION. 8. A provision that the insurer will

9 10 permit continuation of existing coverage for an unmarried  
9 11 dependent child of an insured or enrollee who so elects, at  
9 12 least through the age of twenty-five years old or so long as  
9 13 the dependent child maintains full-time status as a student in  
9 14 an accredited institution of postsecondary education,  
9 15 whichever occurs last, at a premium established in accordance  
9 16 with the insurer's rating practices.

9 17 Sec. 9. Section 513C.7, subsection 2, paragraph a, Code  
9 18 2007, is amended to read as follows:

9 19 ~~a.~~ The individual basic or standard health benefit plan  
9 20 shall not deny, exclude, or limit benefits for a covered  
9 21 individual for losses incurred more than twelve months  
9 22 following the effective date of the individual's coverage due  
9 23 to a preexisting condition. A preexisting condition shall not  
9 24 be defined more restrictively than any of the following:

9 25 ~~(1)~~ a. A condition that would cause an ordinarily prudent  
9 26 person to seek medical advice, diagnosis, care, or treatment  
9 27 during the twelve months immediately preceding the effective  
9 28 date of coverage.

9 29 ~~(2)~~ b. A condition for which medical advice, diagnosis,  
9 30 care, or treatment was recommended or received during the  
9 31 twelve months immediately preceding the effective date of  
9 32 coverage.

9 33 ~~(3)~~ c. A pregnancy existing on the effective date of  
9 34 coverage.

9 35 Sec. 10. Section 513C.7, subsection 2, paragraph b, Code  
10 1 2007, is amended by striking the paragraph.

10 2 Sec. 11. NEW SECTION. 514A.3B ADDITIONAL REQUIREMENTS.

10 3 1. An insurer which accepts an individual for coverage  
10 4 under an individual policy or contract of accident and health  
10 5 insurance shall waive any time period applicable to a  
10 6 preexisting condition exclusion or limitation period  
10 7 requirement of the policy or contract with respect to  
10 8 particular services in an individual health benefit plan for  
10 9 the period of time the individual was previously covered by  
10 10 qualifying previous coverage as defined in section 513C.3 that  
10 11 provided benefits with respect to such services, provided that  
10 12 the qualifying previous coverage was continuous to a date not  
10 13 more than sixty-three days prior to the effective date of the  
10 14 new policy or contract. For purposes of this section, periods  
10 15 of coverage under medical assistance provided pursuant to  
10 16 chapter 249A or 514I, or Medicare coverage provided pursuant  
10 17 to Title XVIII of the federal Social Security Act shall not be  
10 18 counted with respect to the sixty-three-day requirement.

10 19 2. An insurer issuing an individual policy or contract of  
10 20 accident and health insurance which provides coverage for  
10 21 dependent children of the insured shall permit continuation of  
10 22 coverage for an unmarried dependent child of an insured or  
10 23 enrollee who so elects, at least through the age of  
10 24 twenty-five years old or so long as the dependent child  
10 25 maintains full-time status as a student in an accredited  
10 26 institution of postsecondary education, whichever occurs last,  
10 27 at a premium established in accordance with the insurer's  
10 28 rating practices.

10 29 Sec. 12. APPLICABILITY. This division of this Act applies  
10 30 to policies or contracts of accident and health insurance  
10 31 delivered or issued for delivery or continued or renewed in  
10 32 this state on or after July 1, 2008.

10 33 DIVISION V  
10 34 MEDICAL HOME  
10 35 DIVISION XXII  
11 1 MEDICAL HOME

11 2 Sec. 13. NEW SECTION. 135.157 DEFINITIONS.

11 3 As used in this chapter, unless the context otherwise  
11 4 requires:

11 5 1. "Board" means the state board of health created  
11 6 pursuant to section 136.1.

11 7 2. "Department" means the department of public health.

11 8 3. "Health care professional" means a person who is  
11 9 licensed, certified, or otherwise authorized or permitted by  
11 10 the law of this state to administer health care in the  
11 11 ordinary course of business or in the practice of a  
11 12 profession.

11 13 4. "Medical home" means a team approach to providing  
11 14 health care that originates in a primary care setting; fosters  
11 15 a partnership among the patient, the personal provider, and  
11 16 other health care professionals, and where appropriate, the  
11 17 patient's family; utilizes the partnership to access all  
11 18 medical and nonmedical health-related services needed by the  
11 19 patient and the patient's family to achieve maximum health  
11 20 potential; maintains a centralized, comprehensive record of

11 21 all health-related services to promote continuity of care; and  
11 22 has all of the characteristics specified in section 135.158.

11 23 5. "National committee for quality assurance" means the  
11 24 nationally recognized, independent nonprofit organization that  
11 25 measures the quality and performance of health care and health  
11 26 care plans in the United States; provides accreditation,  
11 27 certification, and recognition programs for health care plans  
11 28 and programs; and is recognized in Iowa as an accrediting  
11 29 organization for commercial and Medicaid-managed care  
11 30 organizations.

11 31 6. "Personal provider" means the patient's first point of  
11 32 contact in the health care system with a primary care provider  
11 33 who identifies the patient's health needs, and, working with a  
11 34 team of health care professionals, provides for and  
11 35 coordinates appropriate care to address the health needs  
12 1 identified.

12 2 7. "Primary care" means health care which emphasizes  
12 3 providing for a patient's general health needs and utilizes  
12 4 collaboration with other health care professionals and  
12 5 consultation or referral as appropriate to meet the needs  
12 6 identified.

12 7 8. "Primary care provider" means any of the following who  
12 8 provide primary care:

12 9 a. A physician who is a family or general practitioner, a  
12 10 pediatrician, an internist, an obstetrician, or a  
12 11 gynecologist.

12 12 b. An advanced registered nurse practitioner.

12 13 c. A physician assistant.

12 14 Sec. 14. NEW SECTION. 135.158 MEDICAL HOME PURPOSES ==  
12 15 CHARACTERISTICS.

12 16 1. The purposes of a medical home are the following:

12 17 a. To reduce disparities in health care access, delivery,  
12 18 and health care outcomes.

12 19 b. To improve quality of health care and lower health care  
12 20 costs, thereby creating savings to allow more Iowans to have  
12 21 health care coverage and to provide for the sustainability of  
12 22 the health care system.

12 23 c. To provide a tangible method to document if each Iowan  
12 24 has access to health care.

12 25 2. A medical home has all of the following  
12 26 characteristics:

12 27 a. A personal provider. Each patient has an ongoing  
12 28 relationship with a personal provider trained to provide first  
12 29 contact and continuous and comprehensive care.

12 30 b. A provider-directed medical practice. The personal  
12 31 provider leads a team of individuals at the practice level who  
12 32 collectively take responsibility for the ongoing health care  
12 33 of patients.

12 34 c. Whole person orientation. The personal provider is  
12 35 responsible for providing for all of a patient's health care  
13 1 needs or taking responsibility for appropriately arranging  
13 2 health care by other qualified health care professionals.  
13 3 This responsibility includes health care at all stages of life  
13 4 including provision of acute care, chronic care, preventive  
13 5 services, and end-of-life care.

13 6 d. Coordination and integration of care. Care is  
13 7 coordinated and integrated across all elements of the complex  
13 8 health care system and the patient's community. Care is  
13 9 facilitated by registries, information technology, health  
13 10 information exchanges, and other means to assure that patients  
13 11 receive the indicated care when and where they need and want  
13 12 the care in a culturally and linguistically appropriate  
13 13 manner.

13 14 e. Quality and safety. The following are quality and  
13 15 safety components of the medical home:

13 16 (1) Provider-directed medical practices advocate for their  
13 17 patients to support the attainment of optimal,  
13 18 patient-centered outcomes that are defined by a care planning  
13 19 process driven by a compassionate, robust partnership between  
13 20 providers, the patient, and the patient's family.

13 21 (2) Evidence-based medicine and clinical decision-support  
13 22 tools guide decision making.

13 23 (3) Providers in the medical practice accept  
13 24 accountability for continuous quality improvement through  
13 25 voluntary engagement in performance measurement and  
13 26 improvement.

13 27 (4) Patients actively participate in decision making and  
13 28 feedback is sought to ensure that the patients' expectations  
13 29 are being met.

13 30 (5) Information technology is utilized appropriately to  
13 31 support optimal patient care, performance measurement, patient

13 32 education, and enhanced communication.

13 33 (6) Practices participate in a voluntary recognition  
13 34 process conducted by an appropriate nongovernmental entity to  
13 35 demonstrate that the practice has the capabilities to provide  
14 1 patient-centered services consistent with the medical home  
14 2 model.

14 3 (7) Patients and families participate in quality  
14 4 improvement activities at the practice level.

14 5 f. Enhanced access to health care. Enhanced access to  
14 6 health care is available through systems such as open  
14 7 scheduling, expanded hours, and new options for communication  
14 8 between the patient, the patient's personal provider, and  
14 9 practice staff.

14 10 g. Payment. The payment system appropriately recognizes  
14 11 the added value provided to patients who have a  
14 12 patient-centered medical home. The payment structure  
14 13 framework of the medical home provides all of the following:

14 14 (1) Reflects the value of provider and nonprovider staff  
14 15 and patient-centered care management work that is in addition  
14 16 to the face-to-face visit.

14 17 (2) Pays for services associated with coordination of  
14 18 health care both within a given practice and between  
14 19 consultants, ancillary providers, and community resources.

14 20 (3) Supports adoption and use of health information  
14 21 technology for quality improvement.

14 22 (4) Supports provision of enhanced communication access  
14 23 such as secure electronic mail and telephone consultation.

14 24 (5) Recognizes the value of physician work associated with  
14 25 remote monitoring of clinical data using technology.

14 26 (6) Allows for separate fee-for-service payments for  
14 27 face-to-face visits. Payments for health care management  
14 28 services that are in addition to the face-to-face visit do not  
14 29 result in a reduction in the payments for face-to-face visits.

14 30 (7) Recognizes case mix differences in the patient  
14 31 population being treated within the practice.

14 32 (8) Allows providers to share in savings from reduced  
14 33 hospitalizations associated with provider-guided health care  
14 34 management in the office setting.

14 35 (9) Allows for additional payments for achieving  
15 1 measurable and continuous quality improvements.

15 2 Sec. 15. NEW SECTION. 135.159 MEDICAL HOME SYSTEM ==  
15 3 ADVISORY COUNCIL == DEVELOPMENT AND IMPLEMENTATION.

15 4 1. The department shall administer the medical home  
15 5 system. The department shall adopt rules pursuant to chapter  
15 6 17A necessary to administer the medical home system.

15 7 2. a. The department shall establish an advisory council  
15 8 which shall include but is not limited to all of the following  
15 9 members, selected by their respective organizations, and any  
15 10 other members the department determines necessary to assist in  
15 11 the department's duties at various stages of development of  
15 12 the medical home system:

15 13 (1) The director of human services, or the director's  
15 14 designee.

15 15 (2) The commissioner of insurance, or the commissioner's  
15 16 designee.

15 17 (3) A representative of health insurers.

15 18 (4) A representative of the Iowa dental association.

15 19 (5) A representative of the Iowa nurses association.

15 20 (6) A physician licensed pursuant to chapter 148 and a  
15 21 physician licensed pursuant to chapter 150 who are family  
15 22 physicians and members of the Iowa academy of family  
15 23 physicians.

15 24 (7) A health care consumer.

15 25 (8) A representative of the Iowa collaborative safety net  
15 26 provider network established pursuant to section 135.153.

15 27 (9) A representative of the governor's developmental  
15 28 disabilities council.

15 29 (10) A representative of the Iowa chapter of the American  
15 30 academy of pediatrics.

15 31 (11) A representative of the child and family policy  
15 32 center.

15 33 (12) A representative of the Iowa pharmacy association.

15 34 (13) A representative of the Iowa chiropractic society.

15 35 b. Public members of the advisory council shall receive  
16 1 reimbursement for actual expenses incurred while serving in  
16 2 their official capacity only if they are not eligible for  
16 3 reimbursement by the organization that they represent.

16 4 3. The department shall develop a plan for implementation  
16 5 of a statewide medical home system. The initial phase shall  
16 6 focus on providing a medical home for children, beginning with  
16 7 those children who are recipients of the medical assistance

16 8 program. The second phase shall focus on providing a medical  
16 9 home to the expansion population under the IowaCare program  
16 10 and to adult recipients of medical assistance. The third  
16 11 phase shall focus on providing a medical home to other adults.  
16 12 The department, in collaboration with parents, schools,  
16 13 communities, health plans, and providers, shall endeavor to  
16 14 increase healthy outcomes for children and adults by linking  
16 15 the children and adults with a medical home, identifying  
16 16 health improvement goals for children and adults, and linking  
16 17 reimbursement strategies to increasing healthy outcomes for  
16 18 children and adults. The plan shall provide that the medical  
16 19 home system shall do all of the following:

16 20 a. Coordinate and provide access to evidence-based health  
16 21 care services, emphasizing convenient, comprehensive primary  
16 22 care and including preventive, screening, and well-child  
16 23 health services.

16 24 b. Provide access to appropriate specialty care and  
16 25 inpatient services.

16 26 c. Provide quality-driven and cost-effective health care.

16 27 d. Provide access to pharmacist-delivered medication  
16 28 reconciliation and medication therapy management services,  
16 29 where appropriate.

16 30 e. Promote strong and effective medical management  
16 31 including but not limited to planning treatment strategies,  
16 32 monitoring health outcomes and resource use, sharing  
16 33 information, and organizing care to avoid duplication of  
16 34 service.

16 35 f. Emphasize patient and provider accountability.

17 1 g. Prioritize local access to the continuum of health care  
17 2 services in the most appropriate setting.

17 3 h. Establish a baseline for medical home goals and  
17 4 establish performance measures that indicate a child or adult  
17 5 has an established and effective medical home. For children,  
17 6 these goals and performance measures may include but are not  
17 7 limited to childhood immunizations rates, well-child care  
17 8 utilization rates, care management for children with chronic  
17 9 illnesses, emergency room utilization, and oral health service  
17 10 utilization.

17 11 i. For children, coordinate with and integrate guidelines,  
17 12 data, and information from existing newborn and child health  
17 13 programs and entities, including but not limited to the  
17 14 healthy opportunities to experience, success=healthy families  
17 15 Iowa program, the community empowerment program, the center  
17 16 for congenital and inherited disorders screening and health  
17 17 care programs, standards of care for pediatric health  
17 18 guidelines, the office of multicultural health established in  
17 19 section 135.12, the oral health bureau established in section  
17 20 135.15, and other similar programs and services.

17 21 4. The department shall develop an organizational  
17 22 structure for the medical home system in this state. The  
17 23 organizational structure plan shall integrate existing  
17 24 resources, provide a strategy to coordinate health care  
17 25 services, provide for monitoring and data collection on  
17 26 medical homes, provide for training and education to health  
17 27 care professionals and families, and provide for transition of  
17 28 children to the adult medical care system. The organizational  
17 29 structure may be based on collaborative teams of stakeholders  
17 30 throughout the state such as local public health agencies, the  
17 31 collaborative safety net provider network established in  
17 32 section 135.153, or a combination of statewide organizations.  
17 33 Care coordination may be provided through regional offices or  
17 34 through individual provider practices. The organizational  
17 35 structure may also include the use of telemedicine resources,  
18 1 and may provide for partnering with pediatric and family  
18 2 practice residency programs to improve access to preventive  
18 3 care for children. The organizational structure shall also  
18 4 address the need to organize and provide health care to  
18 5 increase accessibility for patients including using venues  
18 6 more accessible to patients and having hours of operation that  
18 7 are conducive to the population served.

18 8 5. The department shall adopt standards and a process to  
18 9 certify medical homes based on the national committee for  
18 10 quality assurance standards. The certification process and  
18 11 standards shall provide mechanisms to monitor performance and  
18 12 to evaluate, promote, and improve the quality of health of and  
18 13 health care delivered to patients through a medical home. The  
18 14 mechanism shall require participating providers to monitor  
18 15 clinical progress and performance in meeting applicable  
18 16 standards and to provide information in a form and manner  
18 17 specified by the department. The evaluation mechanism shall  
18 18 be developed with input from consumers, providers, and payers.

18 19 At a minimum the evaluation shall determine any increased  
18 20 quality in health care provided and any decrease in cost  
18 21 resulting from the medical home system compared with other  
18 22 health care delivery systems. The standards and process shall  
18 23 also include a mechanism for other ancillary service providers  
18 24 to become affiliated with a certified medical home.

18 25 6. The department shall adopt education and training  
18 26 standards for health care professionals participating in the  
18 27 medical home system.

18 28 7. The department shall provide for system simplification  
18 29 through the use of universal referral forms, internet-based  
18 30 tools for providers, and a central medical home internet site  
18 31 for providers.

18 32 8. The department shall recommend a reimbursement  
18 33 methodology and incentives for participation in the medical  
18 34 home system to ensure that providers enter and remain  
18 35 participating in the system. In developing the  
19 1 recommendations for incentives, the department shall consider,  
19 2 at a minimum, providing incentives to promote wellness,  
19 3 prevention, chronic care management, immunizations, health  
19 4 care management, and the use of electronic health records. In  
19 5 developing the recommendations for the reimbursement system,  
19 6 the department shall analyze, at a minimum, the feasibility of  
19 7 all of the following:

19 8 a. Reimbursement under the medical assistance program to  
19 9 promote wellness and prevention, provide care coordination,  
19 10 and provide chronic care management.

19 11 b. Increasing reimbursement to Medicare levels for certain  
19 12 wellness and prevention services, chronic care management, and  
19 13 immunizations.

19 14 c. Providing reimbursement for primary care services by  
19 15 addressing the disparities between reimbursement for specialty  
19 16 services and primary care services.

19 17 d. Increased funding for efforts to transform medical  
19 18 practices into certified medical homes, including emphasizing  
19 19 the implementation of the use of electronic health records.

19 20 e. Targeted reimbursement to providers linked to health  
19 21 care quality improvement measures established by the  
19 22 department.

19 23 f. Reimbursement for specified ancillary support services  
19 24 such as transportation for medical appointments and other such  
19 25 services.

19 26 g. Providing reimbursement for medication reconciliation  
19 27 and medication therapy management service, where appropriate.

19 28 9. The department shall coordinate the requirements and  
19 29 activities of the medical home system with the requirements  
19 30 and activities of the dental home for children as described in  
19 31 section 249J.14, subsection 7, and shall recommend financial  
19 32 incentives for dentists and nondental providers to promote  
19 33 oral health care coordination through preventive dental  
19 34 intervention, early identification of oral disease risk,  
19 35 health care coordination and data tracking, treatment, chronic  
20 1 care management, education and training, parental guidance,  
20 2 and oral health promotions for children.

20 3 10. The department shall integrate the recommendations and  
20 4 policies developed by the prevention and chronic care  
20 5 management advisory council into the medical home system.

20 6 11. Implementation phases.

20 7 a. Initial implementation shall require participation in  
20 8 the medical home system of children who are recipients of the  
20 9 medical assistance program. The department shall work with  
20 10 the department of human services and shall recommend to the  
20 11 general assembly a reimbursement methodology to compensate  
20 12 providers participating under the medical assistance program  
20 13 for participation in the medical home system.

20 14 b. The department shall work with the department of human  
20 15 services to expand the medical home system to adult recipients  
20 16 of medical assistance and the expansion population under the  
20 17 IowaCare program. The department shall work with the centers  
20 18 for Medicare and Medicaid services of the United States  
20 19 department of health and human services to allow Medicare  
20 20 recipients to utilize the medical home system.

20 21 c. The department shall work with the department of  
20 22 administrative services to allow state employees to utilize  
20 23 the medical home system.

20 24 d. The department shall work with insurers and  
20 25 self-insured companies, if requested, to make the medical home  
20 26 system available to individuals with private health care  
20 27 coverage.

20 28 12. The department shall provide oversight for all  
20 29 certified medical homes. The department shall review the

20 30 progress of the medical home system and recommend improvements  
20 31 to the system, as necessary.

20 32 13. The department shall annually evaluate the medical  
20 33 home system and make recommendations to the governor and the  
20 34 general assembly regarding improvements to and continuation of  
20 35 the system.

21 1 14. Recommendations and other activities resulting from  
21 2 the duties authorized for the department under this section  
21 3 shall require approval by the board prior to any subsequent  
21 4 action or implementation.

21 5 Sec. 16. Section 136.3, Code 2007, is amended by adding  
21 6 the following new subsection:

21 7 NEW SUBSECTION. 12. Perform those duties authorized  
21 8 pursuant to section 135.159.

21 9 Sec. 17. Section 249J.14, subsection 7, Code 2007, is  
21 10 amended to read as follows:

21 11 7. DENTAL HOME FOR CHILDREN. By ~~July 1, 2008~~ December 31,  
21 12 2010, every recipient of medical assistance who is a child

21 13 twelve years of age or younger shall have a designated dental

21 14 home and shall be provided with the dental screenings, ~~and~~

21 15 ~~preventive care identified in the oral health standards~~

21 16 ~~services, diagnostic services, treatment services, and~~

21 17 ~~emergency services as defined~~ under the early and periodic  
21 18 screening, diagnostic, and treatment program.

21 19 DIVISION VI

21 20 PREVENTION AND CHRONIC CARE MANAGEMENT

21 21 DIVISION XXIII

21 22 PREVENTION AND CHRONIC CARE MANAGEMENT

21 23 Sec. 18. NEW SECTION. 135.160 DEFINITIONS.

21 24 For the purpose of this division, unless the context  
21 25 otherwise requires:

21 26 1. "Board" means the state board of health created  
21 27 pursuant to section 136.1.

21 28 2. "Chronic care" means health care services provided by a  
21 29 health care professional for an established clinical condition  
21 30 that is expected to last a year or more and that requires  
21 31 ongoing clinical management attempting to restore the  
21 32 individual to highest function, minimize the negative effects  
21 33 of the chronic condition, and prevent complications related to  
21 34 the chronic condition.

21 35 3. "Chronic care information system" means approved  
22 1 information technology to enhance the development and  
22 2 communication of information to be used in providing chronic  
22 3 care, including clinical, social, and economic outcomes of  
22 4 chronic care.

22 5 4. "Chronic care management" means a system of coordinated  
22 6 health care interventions and communications for individuals  
22 7 with chronic conditions, including significant patient  
22 8 self-care efforts, systemic supports for the health care  
22 9 professional and patient relationship, and a chronic care plan  
22 10 emphasizing prevention of complications utilizing  
22 11 evidence-based practice guidelines, patient empowerment  
22 12 strategies, and evaluation of clinical, humanistic, and  
22 13 economic outcomes on an ongoing basis with the goal of  
22 14 improving overall health.

22 15 5. "Chronic care plan" means a plan of care between an  
22 16 individual and the individual's principal health care  
22 17 professional that emphasizes prevention of complications  
22 18 through patient empowerment including but not limited to  
22 19 providing incentives to engage the patient in the patient's  
22 20 own care and in clinical, social, or other interventions  
22 21 designed to minimize the negative effects of the chronic  
22 22 condition.

22 23 6. "Chronic care resources" means health care  
22 24 professionals, advocacy groups, health departments, schools of  
22 25 public health and medicine, health plans, and others with  
22 26 expertise in public health, health care delivery, health care  
22 27 financing, and health care research.

22 28 7. "Chronic condition" means an established clinical  
22 29 condition that is expected to last a year or more and that  
22 30 requires ongoing clinical management.

22 31 8. "Department" means the department of public health.

22 32 9. "Director" means the director of public health.

22 33 10. "Eligible individual" means a resident of this state  
22 34 who has been diagnosed with a chronic condition or is at an  
22 35 elevated risk for a chronic condition and who is a recipient  
23 1 of medical assistance, is a member of the expansion population  
23 2 pursuant to chapter 249J, or is an inmate of a correctional  
23 3 institution in this state.

23 4 11. "Health care professional" means health care  
23 5 professional as defined in section 135.157.

23 6 12. "Health risk assessment" means screening by a health  
23 7 care professional for the purpose of assessing an individual's  
23 8 health, including tests or physical examinations and a survey  
23 9 or other tool used to gather information about an individual's  
23 10 health, medical history, and health risk factors during a  
23 11 health screening.

23 12 13. "State initiative for prevention and chronic care  
23 13 management" or "state initiative" means the state's plan for  
23 14 developing a chronic care organizational structure for  
23 15 prevention and chronic care management, including coordinating  
23 16 the efforts of health care professionals and chronic care  
23 17 resources to promote the health of residents and the  
23 18 prevention and management of chronic conditions, developing  
23 19 and implementing arrangements for delivering prevention  
23 20 services and chronic care management, developing significant  
23 21 patient self-care efforts, providing systemic support for the  
23 22 health care professional-patient relationship and options for  
23 23 channeling chronic care resources and support to health care  
23 24 professionals, providing for community development and  
23 25 outreach and education efforts, and coordinating information  
23 26 technology initiatives with the chronic care information  
23 27 system.

23 28 Sec. 19. NEW SECTION. 135.161 PREVENTION AND CHRONIC  
23 29 CARE MANAGEMENT INITIATIVE == ADVISORY COUNCIL.

23 30 1. The director, in collaboration with the prevention and  
23 31 chronic care management advisory council, shall develop a  
23 32 state initiative for prevention and chronic care management.

23 33 2. The director may accept grants and donations and shall  
23 34 apply for any federal, state, or private grants available to  
23 35 fund the initiative. Any grants or donations received shall  
24 1 be placed in a separate fund in the state treasury and used  
24 2 exclusively for the initiative or as federal law directs.

24 3 3. a. The director shall establish and convene an  
24 4 advisory council to provide technical assistance to the  
24 5 director in developing a state initiative that integrates  
24 6 evidence-based prevention and chronic care management  
24 7 strategies into the public and private health care systems,  
24 8 including the medical home system. Public members of the  
24 9 advisory council shall receive their actual and necessary  
24 10 expenses incurred in the performance of their duties and may  
24 11 be eligible to receive compensation as provided in section  
24 12 7E.6.

24 13 b. The advisory council shall elicit input from a variety  
24 14 of health care professionals, health care professional  
24 15 organizations, community and nonprofit groups, insurers,  
24 16 consumers, businesses, school districts, and state and local  
24 17 governments in developing the advisory council's  
24 18 recommendations.

24 19 c. The advisory council shall submit initial  
24 20 recommendations to the director for the state initiative for  
24 21 prevention and chronic care management no later than July 1,  
24 22 2009. The recommendations shall address all of the following:

24 23 (1) The recommended organizational structure for  
24 24 integrating prevention and chronic care management into the  
24 25 private and public health care systems. The organizational  
24 26 structure recommended shall align with the organizational  
24 27 structure established for the medical home system developed  
24 28 pursuant to division XXII. The advisory council shall also  
24 29 review existing prevention and chronic care management  
24 30 strategies used in the health insurance market and in private  
24 31 and public programs and recommend ways to expand the use of  
24 32 such strategies throughout the health insurance market and in  
24 33 the private and public health care systems.

24 34 (2) A process for identifying leading health care  
24 35 professionals and existing prevention and chronic care  
25 1 management programs in the state, and coordinating care among  
25 2 these health care professionals and programs.

25 3 (3) A prioritization of the chronic conditions for which  
25 4 prevention and chronic care management services should be  
25 5 provided, taking into consideration the prevalence of specific  
25 6 chronic conditions and the factors that may lead to the  
25 7 development of chronic conditions; the fiscal impact to state  
25 8 health care programs of providing care for the chronic  
25 9 conditions of eligible individuals; the availability of  
25 10 workable, evidence-based approaches to chronic care for the  
25 11 chronic condition; and public input into the selection  
25 12 process. The advisory council shall initially develop  
25 13 consensus guidelines to address the two chronic conditions  
25 14 identified as having the highest priority and shall also  
25 15 specify a timeline for inclusion of additional specific  
25 16 chronic conditions in the initiative.

25 17 (4) A method to involve health care professionals in  
25 18 identifying eligible patients for prevention and chronic care  
25 19 management services, which includes but is not limited to the  
25 20 use of a health risk assessment.

25 21 (5) The methods for increasing communication between  
25 22 health care professionals and patients, including patient  
25 23 education, patient self-management, and patient follow-up  
25 24 plans.

25 25 (6) The educational, wellness, and clinical management  
25 26 protocols and tools to be used by health care professionals,  
25 27 including management guideline materials for health care  
25 28 delivery.

25 29 (7) The use and development of process and outcome  
25 30 measures and benchmarks, aligned to the greatest extent  
25 31 possible with existing measures and benchmarks such as the  
25 32 best in class estimates utilized in the national healthcare  
25 33 quality report of the agency for health care research and  
25 34 quality of the United States department of health and human  
25 35 services, to provide performance feedback for health care  
26 1 professionals and information on the quality of health care,  
26 2 including patient satisfaction and health status outcomes.

26 3 (8) Payment methodologies to align reimbursements and  
26 4 create financial incentives and rewards for health care  
26 5 professionals to utilize prevention services, establish  
26 6 management systems for chronic conditions, improve health  
26 7 outcomes, and improve the quality of health care, including  
26 8 case management fees, payment for technical support and data  
26 9 entry associated with patient registries, and the cost of  
26 10 staff coordination within a medical practice.

26 11 (9) Methods to involve public and private groups, health  
26 12 care professionals, insurers, third-party administrators,  
26 13 associations, community and consumer groups, and other  
26 14 entities to facilitate and sustain the initiative.

26 15 (10) Alignment of any chronic care information system or  
26 16 other information technology needs with other health care  
26 17 information technology initiatives.

26 18 (11) Involvement of appropriate health resources and  
26 19 public health and outcomes researchers to develop and  
26 20 implement a sound basis for collecting data and evaluating the  
26 21 clinical, social, and economic impact of the initiative,  
26 22 including a determination of the impact on expenditures and  
26 23 prevalence and control of chronic conditions.

26 24 (12) Elements of a marketing campaign that provides for  
26 25 public outreach and consumer education in promoting prevention  
26 26 and chronic care management strategies among health care  
26 27 professionals, health insurers, and the public.

26 28 (13) A method to periodically determine the percentage of  
26 29 health care professionals who are participating, the success  
26 30 of the empowerment-of-patients approach, and any results of  
26 31 health outcomes of the patients participating.

26 32 (14) A means of collaborating with the health professional  
26 33 licensing boards pursuant to chapter 147 to review prevention  
26 34 and chronic care management education provided to licensees,  
26 35 as appropriate, and recommendations regarding education  
27 1 resources and curricula for integration into existing and new  
27 2 education and training programs.

27 3 4. Following submission of initial recommendations to the  
27 4 director for the state initiative for prevention and chronic  
27 5 care management by the advisory council, the director shall  
27 6 submit the state initiative to the board for approval.  
27 7 Subject to approval of the state initiative by the board, the  
27 8 department shall initially implement the state initiative  
27 9 among the population of eligible individuals. Following  
27 10 initial implementation, the director shall work with the  
27 11 department of human services, insurers, health care  
27 12 professional organizations, and consumers in implementing the  
27 13 initiative beyond the population of eligible individuals as an  
27 14 integral part of the health care delivery system in the state.  
27 15 The advisory council shall continue to review and make  
27 16 recommendations to the director regarding improvements to the  
27 17 initiative. Any recommendations are subject to approval by  
27 18 the board.

27 19 5. The director of the department of human services shall  
27 20 obtain any federal waivers or state plan amendments necessary  
27 21 to implement the prevention and chronic care management  
27 22 initiative within the medical assistance and IowaCare  
27 23 populations.

27 24 Sec. 20. NEW SECTION. 135.162 CLINICIANS ADVISORY PANEL.

27 25 1. The director shall convene a clinicians advisory panel  
27 26 to advise and recommend to the department clinically  
27 27 appropriate, evidence-based best practices regarding the

27 28 implementation of the medical home as defined in section  
27 29 135.157 and the prevention and chronic care management  
27 30 initiative pursuant to section 135.161. The director shall  
27 31 act as chairperson of the advisory panel.  
27 32 2. The clinicians advisory panel shall consist of nine  
27 33 members representing licensed medical health care providers  
27 34 selected by their respective professional organizations.  
27 35 Terms of members shall begin and end as provided in section  
28 1 69.19. Any vacancy shall be filled in the same manner as  
28 2 regular appointments are made for the unexpired portion of the  
28 3 regular term. Members shall serve terms of three years. A  
28 4 member is eligible for reappointment for three successive  
28 5 terms.  
28 6 3. The clinicians advisory panel shall meet on a quarterly  
28 7 basis to receive updates from the director regarding strategic  
28 8 planning and implementation progress on the medical home and  
28 9 the prevention and chronic care management initiative and  
28 10 shall provide clinical consultation to the department  
28 11 regarding the medical home and the initiative.

#### 28 12 DIVISION VII

#### 28 13 FAMILY OPPORTUNITY ACT

28 14 Sec. 21. 2007 Iowa Acts, chapter 218, section 126,  
28 15 subsection 1, is amended to read as follows:

28 16 1. a. The provision in this division of this Act relating  
28 17 to eligibility for certain persons with disabilities under the  
28 18 medical assistance program shall ~~only~~ be implemented if when  
28 19 the department of human services determines that sufficient  
28 20 funding is available ~~in appropriations made in this Act, in~~  
~~28 21 combination with federal allocations to the state, for the~~  
~~28 22 state children's health insurance program, in excess of the~~  
~~28 23 amount needed to cover the current and projected enrollment~~  
~~28 24 under the state children's health insurance program. If such~~  
~~28 25 a determination is made, the department of human services~~  
~~28 26 shall transfer funding from the appropriations made in this~~  
~~28 27 Act for the state children's health insurance program, not~~  
~~28 28 otherwise required for that program, to the appropriations~~  
~~28 29 made in this Act for medical assistance, as necessary, to~~  
~~28 30 implement such provision of this division of this Act.~~

28 31 b. The department shall notify the general assembly and  
28 32 the Code editor when the contingency in paragraph "a" occurs.

#### 28 33 DIVISION VIII

#### 28 34 MEDICAL ASSISTANCE QUALITY IMPROVEMENT

28 35 Sec. 22. NEW SECTION. 249A.36 MEDICAL ASSISTANCE QUALITY  
29 1 IMPROVEMENT COUNCIL.

29 2 1. A medical assistance quality improvement council is  
29 3 established. The council shall evaluate the clinical outcomes  
29 4 and satisfaction of consumers and providers with the medical  
29 5 assistance program. The council shall coordinate efforts with  
29 6 the costs and quality performance evaluation completed  
29 7 pursuant to section 249J.16.

29 8 2. a. The council shall consist of seven voting members  
29 9 appointed by the majority leader of the senate, the minority  
29 10 leader of the senate, the speaker of the house, and the  
29 11 minority leader of the house of representatives. At least one  
29 12 member of the council shall be a consumer and at least one  
29 13 member shall be a medical assistance program provider. An  
29 14 individual who is employed by a private or nonprofit  
29 15 organization that receives one million dollars or more in  
29 16 compensation or reimbursement from the department, annually,  
29 17 is not eligible for appointment to the council. The members  
29 18 shall serve terms of three years beginning and ending as  
29 19 provided in section 69.19, and appointments shall comply with  
29 20 sections 69.16 and 69.16A. Members shall receive  
29 21 reimbursement for actual expenses incurred while serving in  
29 22 their official capacity and may also be eligible to receive  
29 23 compensation as provided in section 7E.6. Vacancies shall be  
29 24 filled by the original appointing authority and in the manner  
29 25 of the original appointment. A person appointed to fill a  
29 26 vacancy shall serve only for the unexpired portion of the  
29 27 term.

29 28 b. The members shall select a chairperson, annually, from  
29 29 among the membership. The council shall meet at least  
29 30 quarterly and at the call of the chairperson. A majority of  
29 31 the members of the council constitutes a quorum. Any action  
29 32 taken by the council must be adopted by the affirmative vote  
29 33 of a majority of its voting membership.

29 34 c. The department shall provide administrative support and  
29 35 necessary supplies and equipment for the council.

30 1 3. The council shall consult with and advise the Iowa  
30 2 Medicaid enterprise in establishing a quality assessment and  
30 3 improvement process.

30 4 a. The process shall be consistent with the health plan  
30 5 employer data and information set developed by the national  
30 6 committee for quality assurance and with the consumer  
30 7 assessment of health care providers and systems developed by  
30 8 the agency for health care research and quality of the United  
30 9 States department of health and human services. The council  
30 10 shall also coordinate efforts with the Iowa healthcare  
30 11 collaborative to create consistent quality measures.  
30 12 b. The process may utilize as a basis the medical  
30 13 assistance and state children's health insurance quality  
30 14 improvement efforts of the centers for Medicare and Medicaid  
30 15 services of the United States department of health and human  
30 16 services.  
30 17 c. The process shall include assessment and evaluation of  
30 18 both managed care and fee-for-service programs, and shall be  
30 19 applicable to services provided to adults and children.  
30 20 d. The initial process shall be developed and implemented  
30 21 by December 31, 2008, with the initial report of results to be  
30 22 made available to the public by June 30, 2009. Following the  
30 23 initial report, the council shall submit a report of results  
30 24 to the governor and the general assembly, annually, in  
30 25 January.

30 26 DIVISION IX

30 27 HEALTHY COMMUNITIES == GOVERNOR'S COUNCIL  
30 28 ON PHYSICAL FITNESS AND NUTRITION

30 29 Sec. 23. Section 135.27, Code 2007, is amended by striking  
30 30 the section and inserting in lieu thereof the following:  
30 31 135.27 IOWA HEALTHY COMMUNITIES INITIATIVE == GRANT  
30 32 PROGRAM.

30 33 1. PROGRAM GOALS. The department shall establish a grant  
30 34 program to energize local communities to transform the  
30 35 existing culture into a culture that promotes healthy  
31 1 lifestyles and leads collectively, community by community, to  
31 2 a healthier state. The grant program shall expand an existing  
31 3 healthy communities initiative to assist local boards of  
31 4 health, in collaboration with existing community resources, to  
31 5 build community capacity in addressing the prevention of  
31 6 chronic disease that results from risk factors including being  
31 7 overweight and obesity.

31 8 2. DISTRIBUTION OF GRANTS. The department shall  
31 9 distribute the grants on a competitive basis and shall support  
31 10 the grantee communities in planning and developing wellness  
31 11 strategies and establishing methodologies to sustain the  
31 12 strategies. Grant criteria shall be consistent with the  
31 13 existing statewide initiative between the department and the  
31 14 department's partners that promotes increased opportunities  
31 15 for physical activity and healthy eating for Iowans of all  
31 16 ages, or its successor, and the statewide comprehensive plan  
31 17 developed by the existing statewide initiative to increase  
31 18 physical activity, improve nutrition, and promote healthy  
31 19 behaviors. Grantees shall demonstrate an ability to maximize  
31 20 local, state, and federal resources effectively and  
31 21 efficiently.

31 22 3. DEPARTMENTAL SUPPORT. The department shall provide  
31 23 support to grantees including capacity-building strategies,  
31 24 technical assistance, consultation, and ongoing evaluation.

31 25 4. ELIGIBILITY. Local boards of health representing a  
31 26 coalition of health care providers and community and private  
31 27 organizations are eligible to submit applications.

31 28 Sec. 24. NEW SECTION. 135.27A GOVERNOR'S COUNCIL ON  
31 29 PHYSICAL FITNESS AND NUTRITION.

31 30 1. A governor's council on physical fitness and nutrition  
31 31 is established consisting of twelve members appointed by the  
31 32 governor who have expertise in physical activity, physical  
31 33 fitness, nutrition, and promoting healthy behaviors. At least  
31 34 one member shall be a representative of elementary and  
31 35 secondary physical education professionals, at least one  
32 1 member shall be a health care professional, at least one  
32 2 member shall be a registered dietician, at least one member  
32 3 shall be recommended by the department of elder affairs, and  
32 4 at least one member shall be an active nutrition or fitness  
32 5 professional. In addition, at least one member shall be a  
32 6 member of a racial or ethnic minority. The governor shall  
32 7 select a chairperson for the council. Members shall serve  
32 8 terms of three years beginning and ending as provided in  
32 9 section 69.19. Appointments are subject to sections 69.16 and  
32 10 69.16A. Members are entitled to receive reimbursement for  
32 11 actual expenses incurred while engaged in the performance of  
32 12 official duties. A member of the council may also be eligible  
32 13 to receive compensation as provided in section 7E.6.

32 14 2. The council shall assist in developing a strategy for

32 15 implementation of the statewide comprehensive plan developed  
32 16 by the existing statewide initiative to increase physical  
32 17 activity, improve physical fitness, improve nutrition, and  
32 18 promote healthy behaviors. The strategy shall include  
32 19 specific components relating to specific populations and  
32 20 settings including early childhood, educational, local  
32 21 community, worksite wellness, health care, and older Iowans.  
32 22 The initial draft of the implementation plan shall be  
32 23 submitted to the governor and the general assembly by December  
32 24 1, 2008.

32 25 3. The council shall assist the department in establishing  
32 26 and promoting a best practices internet site. The internet  
32 27 site shall provide examples of wellness best practices for  
32 28 individuals, communities, workplaces, and schools and shall  
32 29 include successful examples of both evidence-based and  
32 30 nonscientific programs as a resource.

32 31 4. The council shall provide oversight for the governor's  
32 32 physical fitness challenge. The governor's physical fitness  
32 33 challenge shall be administered by the department and shall  
32 34 provide for the establishment of partnerships with communities  
32 35 or school districts to offer the physical fitness challenge  
33 1 curriculum to elementary and secondary school students. The  
33 2 council shall develop the curriculum, including benchmarks and  
33 3 rewards, for advancing the school wellness policy through the  
33 4 challenge.

#### 33 5 EXPLANATION

33 6 This bill relates to health care reform including health  
33 7 care coverage intended for children and adults, health  
33 8 information technology, end-of-life care decision making,  
33 9 preexisting conditions and dependent care coverage, medical  
33 10 homes, prevention and chronic care management, a buy-in  
33 11 provision for certain individuals under the medical assistance  
33 12 program, and disease prevention and wellness initiatives.

33 13 Division I of the bill provides the intent of the general  
33 14 assembly that all Iowans have health care coverage, as funding  
33 15 becomes available, and that the initial priority is that all  
33 16 children have health care coverage by December 31, 2010; that  
33 17 if the federal reauthorization of the state children's health  
33 18 insurance program provides sufficient allocations and  
33 19 authorization, the department of human services may expand  
33 20 coverage of children to cover children with family incomes up  
33 21 to 300 percent of the federal poverty level; that the  
33 22 department of human services, in consultation with state and  
33 23 national experts, develop an operational plan to provide  
33 24 health care coverage for all children in the state by building  
33 25 on the state children's health insurance program and that the  
33 26 operational plan be completed by January 1, 2010; that the  
33 27 department of human services, in consultation with state and  
33 28 national experts develop an operational plan to provide health  
33 29 care coverage to all adults and that the operational plan be  
33 30 completed by January 1, 2013; and to promote continued  
33 31 dialogue between the Iowa comprehensive health insurance  
33 32 association and other interested parties to address the issues  
33 33 of preexisting conditions and the affordability of health care  
33 34 coverage.

33 35 Division II of the bill provides definitions, principles,  
34 1 and goals for the Iowa health information technology system.  
34 2 The bill directs the department of public health to establish  
34 3 a technical advisory group to assist the department in its  
34 4 duties to establish a public and private collaborative effort  
34 5 to promote the use of health information technology; to adopt  
34 6 a statewide health information technology plan by January 1,  
34 7 2009; to identify existing efforts and integrate these efforts  
34 8 to avoid incompatibility and duplication; to coordinate public  
34 9 and private efforts to provide the network backbone; to  
34 10 promote the use of telemedicine; to address the workforce  
34 11 needs generated by increased use of health information  
34 12 technology; to adopt necessary rules; to coordinate, monitor,  
34 13 and evaluate the adoption, use, interoperability, and  
34 14 efficiencies of the various facets of health information  
34 15 technology in the state; to seek and apply for federal or  
34 16 private funding to assist in implementing the system; and to  
34 17 identify state laws and rules that present barriers to the  
34 18 development of the health information technology system in the  
34 19 state.

34 20 Division II requires that by January 1, 2010, all health  
34 21 care professionals utilize the single patient identifier or  
34 22 alternative mechanism and continuity of care record specified  
34 23 by the department.

34 24 Division III directs the department of elder affairs to  
34 25 consult with the Iowa medical society, the Iowa end-of-life

34 26 coalition, the Iowa hospice organization, the university of  
34 27 Iowa palliative care program, and other health care  
34 28 professionals whose scope of practice includes end-of-life  
34 29 care to develop educational and patient-centered information  
34 30 on end-of-life care for terminally ill patients and health  
34 31 care professionals. The division also defines "end-of-life  
34 32 care".

34 33 Division IV of the bill amends Code section 509.3 to  
34 34 require a group policy of accident or health insurance to  
34 35 permit continuation of existing coverage for an unmarried  
35 1 dependent child of an insured or enrollee who so elects, until  
35 2 the dependent is 25 years old or for as long as the dependent  
35 3 is a full-time college student, whichever occurs last, at a  
35 4 premium established in accordance with the insurer's rating  
35 5 practices.

35 6 Division IV amends Code section 513C.7(2)(b) by striking  
35 7 the paragraph, whose content is now included in new Code  
35 8 section 514A.3B.

35 9 Division IV creates new Code section 514A.3B which requires  
35 10 an insurer which accepts an individual for coverage under an  
35 11 individual policy or contract of accident and health insurance  
35 12 to waive any time period applicable to a preexisting condition  
35 13 exclusion or limitation period of the policy or contract with  
35 14 respect to particular services in an individual health benefit  
35 15 plan for the period of time the individual was previously  
35 16 covered by qualifying previous coverage that was continuous to  
35 17 a date not more than 63 days prior to the effective date of  
35 18 the new policy or contract.

35 19 New Code section 514A.3B also requires an individual policy  
35 20 or contract of accident and sickness insurance to permit  
35 21 continuation of existing coverage for an unmarried dependent  
35 22 child of an insured or enrollee who so elects, until the  
35 23 dependent is 25 years old or for as long as the dependent is a  
35 24 full-time college student, whichever occurs last, at a premium  
35 25 established in accordance with the insurer's rating practices.

35 26 Division IV applies to policies or contracts of accident  
35 27 and health insurance delivered or issued for delivery or  
35 28 continued or renewed in this state on or after July 1, 2008.

35 29 Division V of the bill relates to medical homes. The  
35 30 division provides definitions, including the definition of a  
35 31 medical home which is a team approach to providing health care  
35 32 that originates in a primary care setting, and provides for  
35 33 continuity in and coordination of care. The division  
35 34 specifies the characteristics of a medical home, and directs  
35 35 the department of public health to administer the medical home  
36 1 provisions, with the assistance of an advisory council  
36 2 established by the department. The department is directed to  
36 3 develop a plan for implementation of a statewide medical home  
36 4 system. Implementation is to take place in phases, beginning  
36 5 with children who are recipients of medical assistance  
36 6 (Medicaid). The second phase would provide a medical home to  
36 7 adults under the IowaCare program and adult recipients of  
36 8 Medicaid. The third phase would provide for a medical home  
36 9 for other adults. The division also directs the department to  
36 10 develop an organizational structure for the medical home  
36 11 system, to adopt standards and a process to certify medical  
36 12 homes based on national standards, to adopt education and  
36 13 training standards for health care professionals participating  
36 14 in the medical home system, to provide for system  
36 15 simplification, to recommend a reimbursement methodology and  
36 16 incentives for participation in the medical home system, to  
36 17 coordinate efforts with the dental home for children, and to  
36 18 integrate the recommendations of the prevention and chronic  
36 19 care management advisory council into the medical home system.

36 20 In addition to the phased-in implementation, the division  
36 21 also directs the department to work with the department of  
36 22 administrative services to allow state employees to utilize  
36 23 the medical home system, to work with the centers for Medicare  
36 24 and Medicaid services of the United States department of  
36 25 health and human services to allow Medicare recipients to  
36 26 utilize the medical home system and to work with insurers and  
36 27 self-insured companies to allow those with private insurance  
36 28 to access the medical home system. The department is directed  
36 29 to provide oversight for the medical home system and to  
36 30 evaluate and make recommendations regarding improvements to  
36 31 and continuation of the medical home system. Any  
36 32 recommendations and activities resulting from the duties  
36 33 specified in the division are subject to approval by the board  
36 34 of health.

36 35 Division VI establishes a prevention and chronic care  
37 1 management initiative. The division directs the director of

37 2 public health to establish a prevention and chronic care  
37 3 management advisory council and to work in collaboration to  
37 4 develop the state initiative. The advisory council is to  
37 5 submit the initial recommendations for the initiative to the  
37 6 director by July 1, 2009. The division specifies that the  
37 7 recommendations are to address various elements for prevention  
37 8 and chronic care management. The division directs that  
37 9 following submission of the initial recommendations, the  
37 10 director shall submit the state initiative to the state board  
37 11 of health for approval. Subject to approval, the department  
37 12 of public health is then directed to initially implement the  
37 13 state initiative among a defined population with subsequent  
37 14 implementation beyond the defined population. The division  
37 15 also establishes a clinicians advisory panel to advise and  
37 16 recommend to the department of public health clinically  
37 17 appropriate, evidence-based best practices regarding the  
37 18 implementation of the medical home and the prevention and  
37 19 chronic care management initiative.

37 20 Division VII provides that provisions enacted in 2007 Iowa  
37 21 Acts, regarding eligibility for certain persons with  
37 22 disabilities under the medical assistance program, shall be  
37 23 implemented when the department of human services determines  
37 24 that sufficient funding is available. The department is to  
37 25 notify the general assembly and the Code editor when this  
37 26 determination is made.

37 27 Division VIII establishes a medical assistance quality  
37 28 improvement council to evaluate the clinical outcomes and  
37 29 satisfaction of consumers and providers with the medical  
37 30 assistance program. The council is to develop and implement a  
37 31 quality assessment and improvement process by December 31,  
37 32 2008, with the initial results to be made public by June 30,  
37 33 2009.

37 34 Division IX establishes the Iowa healthy communities  
37 35 initiative and grant program to promote healthy lifestyles and  
38 1 a healthier state. Grants are to be distributed on a  
38 2 competitive basis to support communities in planning and  
38 3 developing wellness strategies and establishing methodologies  
38 4 to sustain the strategies. Local boards of health  
38 5 representing a coalition of health care providers and  
38 6 community and private organizations are eligible to submit  
38 7 grant applications. The division also establishes the  
38 8 governor's council on physical fitness and nutrition to assist  
38 9 in developing a strategy for implementation of the statewide  
38 10 comprehensive plan to increase physical activity, improve  
38 11 physical fitness, improve nutrition, and promote healthy  
38 12 behaviors. The initial draft of the implementation plan is to  
38 13 be submitted to the governor and the general assembly by  
38 14 December 1, 2008. The council is also to assist the  
38 15 department of public health in establishing and promoting a  
38 16 best practices internet site and to provide oversight for the  
38 17 governor's physical fitness challenge.
